### File Formats in CMYK - Print Friendly

EPS - EPS files are a generic vector file that can be opened in vector software like Adobe Illustrator.

PDF - Can be opened and viewed without vector software.

### File Formats in RGB - Web Friendly

JPEG - Photo files that are good for web use, but can get distorted when enlarged.

PNG (transparent) - Like a JPEG file, but with no background so they can be used on colored or textured background.

PSD - Photoshop version of the design that is editable and saved in layers.

A STUDENT RELATIONSHIP MANAGEMENT COMPANY

The tagline, can be used under either logo type, proportionate to logo, in Primary 1 or 2 color

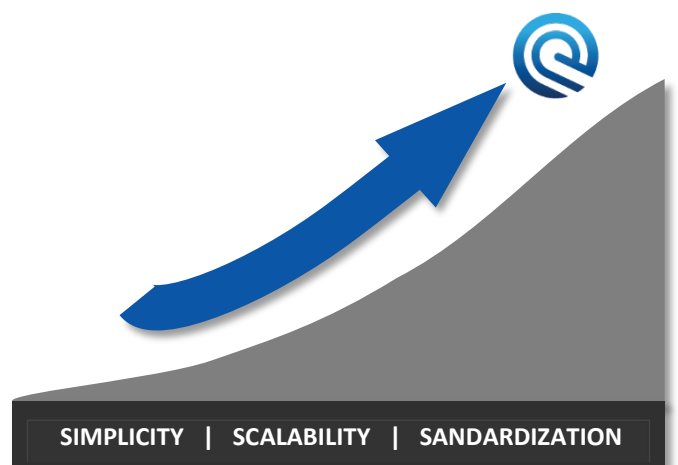

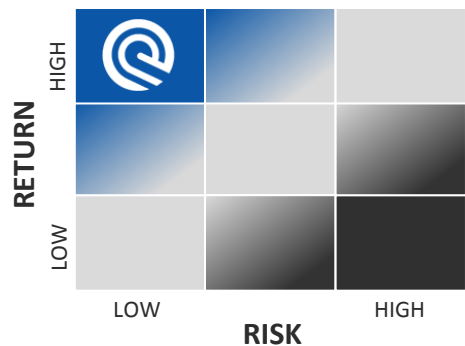

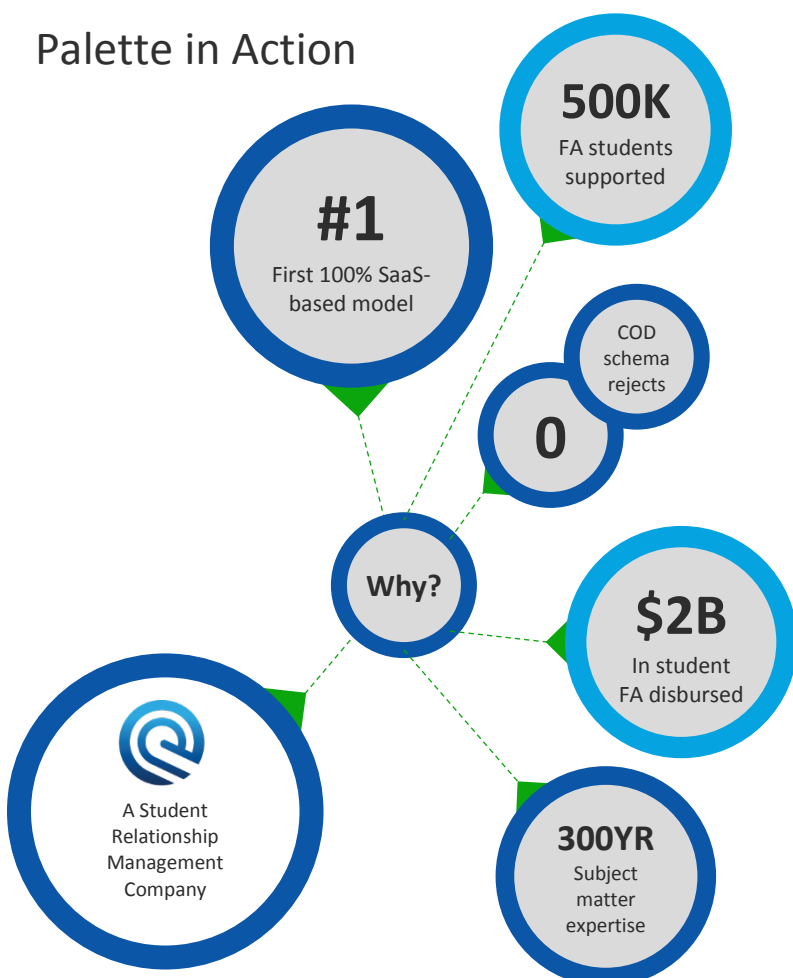

Our "pop" of green color is based on the tetradic color harmony to our blue- it is primarily used in the finance & technology industries

Thumbnail icon can be used in infographics, charts, etc. in Primary 1 or 2 and BG2 colors

## Palette in Action

## Vision

To fundamentally simplify a student's ability to enroll in school, make smarter education financing decisions, and leverage their education investment to both graduate and reach expected employment.

## Mission

Leverage the power of SaaS technology to remove process barriers by **simplifying and standardizing** complex operations, to engineer a new and broader relationship between students, schools, and employers.

- ▶ Accelerate process standards, consistency, and automation minimizing compliance risk through a system agnostic, rules-based engine with configurable workflows
- ▶ Increase speed and scale of school operations at lower costs through real-time dashboard visibility
- ▶ Deliver faster market driven release innovation through SaaS technology

## Purpose

To simplify complex business problems plaguing higher education with SaaS-based technology solutions that fundamentally change the relationships, experiences, and ultimately, the outcomes between students, schools, and employers. Our solutions will focus on creating a better process and experience for all involved in the areas of student enrollment, finance, and employment.

## Values

- ▶ **SIMPLIFICATION** of complicated high risk areas of operation that serve as blockers to the student, school, and ultimately employer relationship;
- ▶ **RESULTS-DRIVEN BUSINESS OUTCOMES** from our solutions that dramatically reduce risk, and lower operational costs;
- ▶ **SAAS-POWERED TECHNOLOGY** solutions that provide scalability, speed of operations, frequent updates, easy integrations, and quick implementations.

## Value Pitch

We deliver SaaS-based technology solutions that removes complexity, variability, risk, and cost in school operations. Our **system-agnostic solutions** lean on a SaaS-platform, rules-based engine, and feature document management, configurable workflows, dynamic forms, electronic signatures, and process dashboards. Our focus today is on enrollment and financial aid due to the regulatory compliance and document management intensive workload.

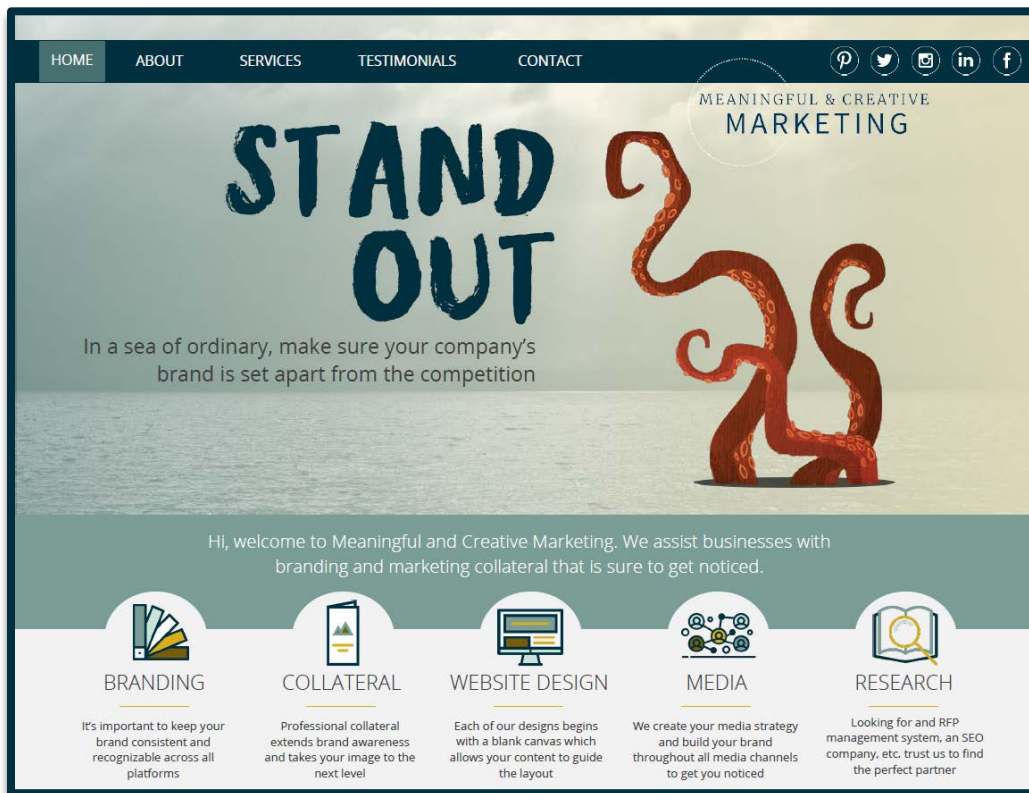

## Color Palette

## Branding

A brand is a promise, the perceptions about a business, service or products. A brand is created in the minds of the customers - based on a track record, which builds future expectations. A strong brand is the guarantee of quality, origin, value and performance. To maintain a consistent brand identity and enhance marketplace recognition, we have developed a comprehensive set of Meaningful and Creative Marketing (M&C Marketing) logo and brand standards. When using M&C Marketing logos, you must adhere to these guidelines.

### Logo Placement

The M&C Marketing logo placement for documents should be in the upper left corner or in the lower left or right corner. The logo can be placed in the center for Presentation cover and title slides and in the upper right corner of content slides.
